

BAKING YOUR BENVENUTI'S PIZZA KIT!

1. Remove all ingredients from shipping container and place in refrigerator. Allow crust to thaw in refrigerator then place onto cardboard pizza circle (provided) or flat surface with the textured side face down. Brush crust with olive oil.

2. Spread sauce packet evenly over crust (half for Bambino pizzas) and add your desired amount of cheese. Finally, finish it off with your favorite toppings!

3. Pre-heat oven to 450 degrees and place pizza directly onto oven rack. Bake 5-8 minutes or until cheese is browned and edges of crust are golden brown. Let sit 1-2 minutes, then cut and enjoy your fresh pizza!

- *If a pan is used, add an additional 1-2 minutes.*
- *For convection ovens bake 4-7 minutes.*
- *For toaster ovens bake 4-6 minutes*
- *Bambino pizzas take 1-2 minutes less to bake on average.*

Important Notes

Unopened ingredients will stay fresh for up to 30 days in refrigerator and 6 months in freezer. Always keep crusts in a sealed in a zip-lock bag to prevent moisture loss and try to use ingredients within one week.

WHY BENVENUTI'S PIZZA?

Benvenuti's started as a small family bakery in Carnegie, PA and expanded to dough making in 1981 with K.B. Pizza Inc. Our pizza dough comes from a long history of doing things the right way. The traditions of dough making and baking were passed down through three generations, starting with Angelo Benvenuti in Italy. Our sauce is made in-house, and our special 3-cheese blend of mozzarella, provolone, and white cheddar is made specifically for our pizzas.

You won't find these flavors anywhere else! Unlike most pizza crusts, K.B. Pizza's par-baked crusts are handcrafted. Our lengthy aging process ensures a consistent taste and texture, and the bottom of our crusts are uniquely marked with crevices for authentic crispy texture when baked. We pride ourselves in making the freshest dough, every day.

Our families love it,
and we're sure yours will too!
